

Because every person really counts with us, we look forward to welcoming you as

YOU COUNT

Apprenticeship as Electronics Technician (m/f/d)

Devices and Systems

Start date: 01.09.2026

Standort: Lutherstadt Eisleben

CT-VIDEO GmbH has been developing, manufacturing and distributing application-specific components and system solutions for audio, video and data communication and processing for more than 20 years. Our camera and communication technologies are trusted by public security authorities as well as by companies in the industrial and agricultural sectors. CT-VIDEO GmbH is a wholly owned subsidiary of CEOTRONICS AG, a leading provider of professional communication solutions for demanding operational environments.

Your Responsibilities

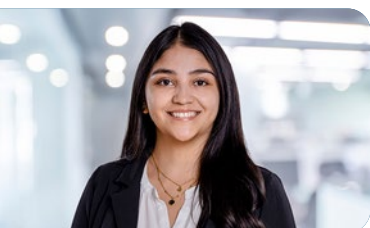

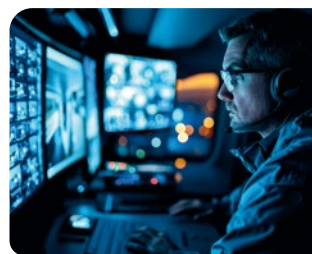

- Assembling electronic modules and components
- Working with modern electronic measurement and testing equipment (e.g. spectrum analyzers, oscilloscopes)
- Configuring complex IT infrastructures
- Manufacturing and assembling customized mechanical components
- Developing technical solutions and approaches as part of a motivated team

Your Profile

- Strong interest and aptitude for technical subjects
- Secondary school leaving certificate (Realschule or equivalent)
- Flexibility regarding training locations (1st year in Sangerhausen, from the 2nd year in Magdeburg, exam preparation courses in Dessau)
- Reliability and strong comprehension skills
- Good knowledge of science subjects
- Class B driving license desirable

What We Offer

At CT-VIDEO, people are at the center of everything we do. In addition to an attractive training allowance, we offer air-conditioned workspaces, individual training opportunities and flexible working hours (where compatible with the apprenticeship program). You will also benefit from performance-related bonuses and get discounts through our corporate benefits program.

Do you have questions about your apprenticeship?
Laura Garzón Torres will be happy to help you (Phone +49 6074 8751-717). You can send your application easily and conveniently to personal@ceotronics.com.
